To the kindly attention of Habys,

the A.T.Still Academy Italia - Osteopathic School has begun to use your portable massage tables in 2009/2010 for the Milan branch. Me and my colleagues think that are really interesting for following several factors:

- Quality of material
- Force and strenght
- Weight
- Portability
- Maintenance

We strongly suggest the use of your portable massage tables to the one who need a good product with a good qualtiy/price ratio.

Sincerely

Director of A.T.S.A.I.
