General Manager

over **100 000** tables sold

**21** years of experience on global market

we work with customers from **70** countries

## Soft & Quiet®

Soft & Quiet is an unique technology based on composition of high quality foams and joints providing very silent table operation. Application of selected and durable components ensures high therapy comfort, durability and high resistance to deformation.

**Advantages of the system:** high therapy comfort, durability of the tabletop, high resistance to deformations.

## STRONG & SAFE®

Strong & Safe is an exceptional, complex system of the production process, maintaining highest quality standards. The system includes conceptual works, designing, constructing and selection of the components. Strong & Safe system enables to achieve exceptional results in terms of solidity, resistance and safety of the products.

**Advantages of the system:** highest stability, exceptional resistance, long durability, complete work safety for therapists and their clients.

## FAST LOCK™

Fast Lock is a system for quick and easy height adjustment of the table. Operated by simply pressing the snap-fasteners, there is no need to unscrew knobs. The system is a perfect solution for dynamic and variable working conditions.

**Advantages of the system:** quick and easy height adjustment of the table.

## TRIPLE STABILO™

Triple Stabilo is an unique system of reinforcement by means of additional leg in central part of tabletop. The table equipped with such system ensures perfect stability on the entire surface even at very high point pressures. Triple Stabilo technology was designed for therapists who require reinforced and unquestionable stability.

**Advantages of the system:** stability of the entire tabletop's surface even at very high point pressures, 450 kg of dynamic resistance.

## XLOCK™

X Lock is an innovative construction system where two X-shape elements are responsible for stabilization.

**Advantages of the system:** exceptional stability of tabletop on its entire surface, easy access from every side of the table .

*I use the Aero from Habys for my daily business as a mobile therapist, which means 5-8 times put up an fold every day, since 2 years. The Aero is still in perfect condition. As mobile therapist i was focusing on a stable but light massage table and I got a recommendation from a colleague. Together with the backpacker-bag it fits perfect in my Smart for two and is perfect in the small car - no other massage table fits in! If I would recommend the Habys Aero? Yes, definitely!*

**Claus Lehner** - mobile medical Therapist in Vienna, Austria

*Un materiel acheté en 2008 et toujours aussi efficace! Ma chaise est toujours adaptable quelque soit la situation. Merci Habys!*

**Pier Cordas** - BELP bien être et lacher prise, France

*Wir sind begeistert! Von Verarbeitung und Haltbarkeit, Design und Funktionalitäten und natürlich auch vom Preis! Für uns steht fest: immer wieder Habys!*

**Simone Bernhard** - Praxis Plan B, Germany

*Je suis très satisfaite de ce matériel. La qualité de finition est bonne et la table est solide et très confortable. La manipulation des changements de position est très aisée. Le paiement s'est fait par le site sécurisé PAYPAL sans aucun problème.*

**Valérie LACKER** - Kinésiologue, France
